Docu-Proof™
Enterprise
Text Inspection

INSPECT WITH COMPLETE ACCURACY IN SECONDS!

Reduce Inspection Time by 98%

Are you still manually proofreading critical documents? How long does it take you to proofread inserts, labels, leaflets, manuals, contracts and other documents?

Are you 100% confident that no critical errors have been missed?

Docu-Proof™ Enterprise can help you:

> Decrease time spent reviewing and confirming changes

> Streamline & expedite approvals

> Ensure copy integrity

> Ensure accurate typesetting

> Reduce costs

> Reduce errors

> Reduce time-to-market

Docu-Proof™ Enterprise Report:

All differences are highlighted and color coded.

Docu-Proof™ Enterprise Inspection Filters:

☑ Bold	☑ Font Type	☑ Size
☑ Case	☑ Hyphen	☑ Space
☑ Change	☑ Insertion	☑ Sub/Super
☑ Color	☑ Italic	☑ Underline
☑ Deletion	☑ Location	☑ Spelling

Docu-Proof™ Enterprise has dramatically eased the challenges that professionals face on a daily basis when trying to manage and ensure the accuracy of packaging components, contracts, publications, manuscripts, and all other text documents.

Document Types:

- » Inserts

About Global Vision

Global Vision is the world leader in the design and delivery of automated proofreading solutions. The company led the migration from manual proofreading to automation – gaining along the way an unmatched reputation for vision and technology.

Global Vision is the only company in the world to offer a complete suite of proofreading products, featuring text-based, pixel-based and Braille inspection technologies. Our company's solutions meet all proofreading needs throughout the workflow process, including upfront design, package development, label control and production. Companies rely on Global Vision's verification solutions to eliminate printed artwork and copy– related errors found on items such as labels, cartons, leaflets, press sheets, inserts, marketing materials, brochures, procedures, and contracts.

With more than two decades of experience working closely with international clients, Global Vision continuously strives to increase proofreading accuracy, employee productivity and process efficiencies throughout the pharmaceutical, and consumer goods workflow. Headquartered in Montreal, Canada, Global Vision has worldwide representation.
